

# **Public Involvement Meeting Notice**

## **Improvements to 810th St. at Cranberry Creek to be discussed at Meeting**

Planned improvements for 810th St. in the Town of Rock Creek, Dunn County, will be discussed at a Public Involvement meeting on January 30, 2024. The meeting will start at 5 PM at the Town of Rock Creek Town Hall, N995 County Rd H, Mondovi, WI 54755.

The 810th St. project involves improvements to the roadway and bridge at the crossing of Cranberry Creek approximately 0.5 miles south of State Highway 85. The proposed improvement will include the removal of the existing bridge and placement of a new single-span concrete flat slab bridge. The 273-foot-long project will include replacement of the bridge on the existing alignment and approximately 226 feet of roadway approaches.

During construction of the project, the site will be closed to traffic. Construction is anticipated to take approximately 3 months during 2025. The earliest construction could begin is May 15<sup>th</sup> due to in-stream work restrictions. The exact timeframe will be determined by the contractor based on their availability.

Additional right-of-way will be needed along the north-west and south-east side of the road for the proposed bridge replacement project.

A variety of exhibits and maps will be featured at the Public Involvement meeting, and representatives from the Town of Rock Falls and Ayres Associates will be available to discuss the project and answer questions. The public is encouraged to attend to examine the proposed improvement and discuss any concerns they might have.

Persons requiring an interpreter, materials in alternate formats, or other accommodations, to access this meeting virtually are encouraged to contact Dunn County or Ayres at the numbers below at least 72 hours prior to the meeting so arrangements can be made.

Individuals who are unable to attend on January 30<sup>th</sup> can contribute comments about the bridge project by contacting the following individuals:
